INTRODUCTION
and GENERAL INDEX

Might Directories, publishers, present to subscribers and the general public, this, the latest edition of the Metropolitan Toronto City Directory.

Confidence in the growth of Metropolitan Toronto's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Metropolitan Toronto to the world.

The enviable position occupied by Might Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Metropolitan Toronto Directory will fulfill its mission as a source of authentic information pertaining to the city.

FOUR MAJOR DEPARTMENTS

The four major departments are arranged in the following order:—

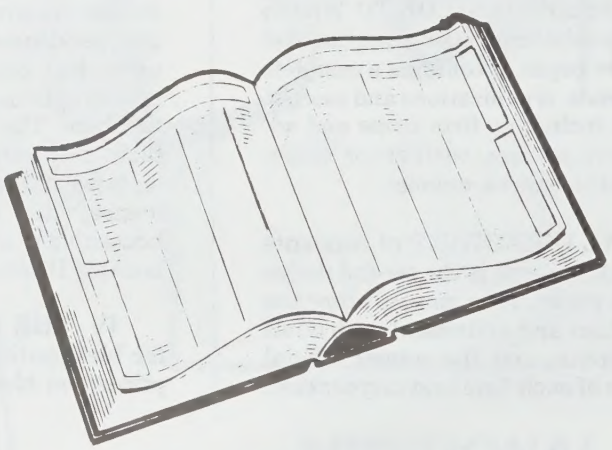
I. POLK'S COMPLETE CLASSIFIED GUIDE TO WHO'S WHO IN BUSINESS constitutes the first major department of the Directory, printed on yellow paper. It contains a complete listing of businesses, professionals, organizations and associations within our canvass area including: firm name and address; name and titles of officers, owners, partners or managers; number of employees and telephone number.

II. THE ALPHABETICAL DIRECTORY of residents and business and professional concerns is the second major department, printed on white paper. This aims to show the name, marital status, occupation and address of each adult resident of Metropolitan Toronto, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, and new householder symbols. This section also includes a Street Locator Directory preceeding the Street Directory.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Metropolitan Toronto, is the fourth major department, printed on blue paper.

MUNICIPAL PUBLICITY



The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational centre.

To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Metropolitan Toronto.

MISCELLANEOUS INFORMATION

MUNICIPAL GOVERNMENT IN METROPOLITAN TORONTO

This article deals with the relationship between local (area) governments within Metropolitan Toronto and the Metropolitan Toronto Corporation, and in particular the extent to which powers are vested in each: The Metropolitan Council and the local Councils.

Based on the recommendations of the Ontario Municipal Board, under chairmanship of Lorne R. Cumming, Q.C., in 1953 the Ontario Legislature enacted the Municipality of Metropolitan Toronto Act, which constituted "the inhabitants of the Metropolitan Area as a body corporate under the name of the Municipality of Metropolitan Toronto". Thus a separate corporate municipal entity was created with specific powers. It was a federation of the 13 existing municipalities: the Townships of North York, Scarborough, Etobicoke, York and East York; the Towns of Leaside, Mimico, New Toronto, and Weston; the Villages of Long Branch, Forest Hill and Swansea, and the City of Toronto.

The 13 local Municipalities continued to exist as autonomous municipal entities retaining considerable powers and responsibilities. In those early years, of the 24 members of the Metropolitan Council, the City of Toronto had 12, and the suburbs collectively had 12, each represented only by its Chief Executive Officer (Mayor or Reeve). An essential characteristic of the Metropolitan system is that members are not elected directly to Council but become members of the Metropolitan Council by virtue of election to office in their local municipalities. Members must be responsible to and responsive to both the local and metropolitan citizens.

During the first ten years of its existence Metropolitan Toronto's achievements were considerable, but disparities and inequities became evident, and particularly in two areas; financially and in representation on the Metropolitan Council as the major growth was occuring in the larger suburbs. The only major change in responsibility was in 1957 when the 13 local Police Departments were amalgamated to become the Metropolitan Toronto Police Department.

In 1963 the Provincial Government appointed Dr. H. Carl Goldenberg, O.B.E., Q.C., as a Royal Commission to make an assessment of the Metropolitan government and report thereon. Submitted to the Cabinet in June 1965, the Report contained a number of important and far-reaching recommendations. Some were accepted, others adapted. The result was the first major change in the organization and the degree of responsibility of the Metropolitan Toronto Council, embodied in a major amendment (Bill 81) to the Metropolitan Toronto Act in 1966.

Effective January 1, 1967, the Municipality of Metropolitan Toronto was reconstituted from the 13 original municipalities to the present 6: the Boroughs of North York, Scarborough, Etobicoke, York and East York and the City of Toronto. Reorganization of the Metropolitan Council, on a more equitable basis of representation by population, increased the total number from 25 to 33, including the Chairman of Council. Collectively the Boroughs had 20 members, the City of Toronto's remained at 12. The Metropolitan School Board was similarly reorganized. Given extensive new powers the most important relate to schools and social services. The Metropolitan School Board now has the responsibility for financing school construction and operation through the establishment of a Metro-wide tax rate eliminating previous disparities. The Metropolitan Corporation took over full responsibility for social services, also waste disposal, financing regional libraries, etc.

By 1973 it was obvious that "Rep by Pop" was again out of line as major growth continued in the larger Boroughs with population of the City of Toronto remaining relatively constant. In 1974 the Metropolitan Council sought and received an amendment to the Metro Act to effect a change in representation, effective January 1, 1975: City of Toronto - 12 North York - 10; Scarborough - 7; Etobicoke - 5; York - 3 and East York - 3, for a total of 40.

At the inaugural meeting of Metro Council, all forty members elect a Chairman, who performs a similar function to the City's Mayor. Although it is not a requirement, the Chairman may already be a member of the Council, in which case the vacancy created by the appointment is filled by another member of the local Council.

A major change was made for the first time in the composition of the Metropolitan Executive Committee, again reflecting the population growth in the large member Municipalities: City of Toronto - 4; North York - 3; Scarborough - 2; Etobicoke - 2; York - 1; East York - 1, plus the Chairman of Council who presides, a total of 14.

A change in organization occured with the dissolution in December 1974 of the Metropolitan Toronto Planning Board. Planning became a Department of the Metropolitan Corporation.

THE FEDERATION IS A PARTNERSHIP

Municipal services are identified as local, Metropolitan or shared in proportion to the extent of involvement of each level of municipal government.

The Metropolitan Council has jurisdiction over matters of common concern to all six municipalities. The Metro government is a partnership formed to provide at wholesale those public works and services which each area municipality could not adequately provide for itself alone: solutions to problems which are metropolitan-wide, or regional, in scope.

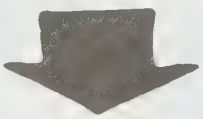
BOARDS OF EDUCATION

In Toronto, we have two school systems; Public and Separate (Catholic). Each Municipality has a Public School Board, but the Separate Schools have one collective Metro Board. Voters may support either the Public or the Separate school system.

Both Boards receive funding from property taxes collected by the City. Voters, in declaring which of the two school systems they support, are thus indicating to which board their education taxes will be allocated. In the case of the Metropolitan Toronto School Board, a per capita percentage of the school taxes is levied against each Municipality.



The Toronto Board of Education administers the City's public school system, both elementary and secondary. Public School supporters elect two representatives from each of the eleven wards to this Board, while Separate School supporters elect one member from each of four areas in the City.

The Metropolitan Separate School Board similarly administers the separate elementary and secondary schools in Metro. Separate School supporters vote for one member from each of seven areas in Metropolitan Toronto.
